

Ethical balls designed for you

Our History since 1997

Fairball is a brand specializing in the design and production of ethical multisport balls, combining performance, responsibility, and ethics standards. With over 20 years of collaboration with its partner factories, Fairball controls the entire production chain, guaranteeing responsible manufacturing conditions and consistent quality.

Each ball is designed as a true communication tool: modern design, meticulous finishes, and customization that enhances the brand image of companies.

By placing ethics, transparency, and impact at the heart of its approach, Fairball supports brands that wish to associate sport with sustainable and committed values.

Fairball ball:

Our Fairball balls combine Commitment, Ethics, Respect for the environment and Positive Impact.

We choose materials for their quality and recyclability.

You will benefit from our latest innovations

AIRLOCK

PRESSURE MAINTAINED FOR
2 MONTHS

All our partner factories are regularly audited and certified according to the latest international standards

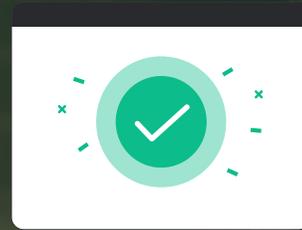

Combine your brand with an eco-responsible label known worldwide

Our ordering process:

Graphic design

- You provide us with your logos in vector format or as AI files.
- We send you an artwork along with a 3D visual to help you visualize

Confirmation

- You approve the final artwork meeting your expectations
- We send you an order confirmation
- After receiving your deposit, we launch the production

Logistics

From the start of production, the delivery time to your address is estimated at approximately 8 weeks by sea freight.

In case of early receipt, we will proceed with delivery.
